## Making a complaint

We hope that most problems can be sorted out easily and quickly when they occur and involving the individuals concerned. If your problem cannot be sorted out in this way and you wish to make a complaint we would like you to let us know as soon as possible – ideally within a matter of days or at most a few weeks as this will enable us to establish what happened more easily. If it is not possible to do that, please let us have more details of your complaint:

- Within 6 months of the incident that caused the problem, or
- Within 6 months of discovering that you have a problem, provided that this is within 12 months of the incident

Complaints should be made in the first instance, in writing and addressed to:

**Mrs A Clarke (Practice Manager)**

**Orchard Medical Practice, Orchard Street,  
Ipswich, IP4 2PZ**

Alternatively, you can email:

**omp.admin@nhs.net**

Once we have received your complaint in writing, you may wish to make an appointment with Mrs Clarke to discuss your concerns personally.

## What shall we do?

We will acknowledge your complaint within 5 working days and aim to have looked into your complaint within 28 working days of the date when you first raised the complaint.

When we look into your complaint we shall aim to:

- Find out what happened and what went wrong
- Make sure you receive an apology if this is warranted
- Identify what we can do to make sure the problem does not occur again

When the investigations are complete your complaint will be determined and a final response sent to you.

Where your complaint involves more than one organisation eg social services, we will liaise with that organisation so that you receive one coordinated reply.

We may need your consent to do this.

Where our complaint has been sent initially to an incorrect organisation, we may seek your consent to forward this to the correct person to deal with.

## Complaining on behalf of someone else

Please note that we are bound by the rule of patient confidentiality and strictly adhere to this. If you are complaining on behalf of someone else, we have to know that you have their written permission to do so unless they are incapable of doing so (due to illness).

Where the patient is incapable of providing consent due to illness or accident it may still be possible to deal with the complaint. Please provide precise details of the circumstances which prevent this in your covering letter.

Please note we are unable to discuss any issues relating to someone else without their express permission, which must be in writing unless the above circumstances apply.

We may still need to correspond direct with the patient, or may be able to deal direct with the third part and this depends on the wording of the authority provided.
